

It's alright

I am driving in this pickup truck

my way leads me out of this

dirty town but it's alright

Baby it's alright (alright)

I'll leave my past behind me, and I think I make it right (alright)

For a long time I am thinking 'bout

go a...way from here and

getting lucky somewhere sometime

Baby it's alright (alright)

I'll leave my past behind me in the pale moonlight (alright)

Bridge

I've been working in that damn old garage, every day

lying under them cool cars grease on my skin

but now it's time to leave this place and blow this town!

I'm on my way on that dusty road

driving through the night

stars are shining bright (shining bright)

Baby it's alright (alright)

the morning's coming soon and I feel alright (alright)
